

SUMMER HOLIDAY HOMEWORK

2020-2021

GRADE-3

Dear Parents,

Summer holiday is the best time of the year when you get an opportunity to spend maximum time with your child. In these days when the world is facing this pandemic situation COVID 19, we get more time to spend with our family. It doesn't mean that we cannot enjoy vacation at home. So, we should engage our children in fun filled activities to make these days full of fun.

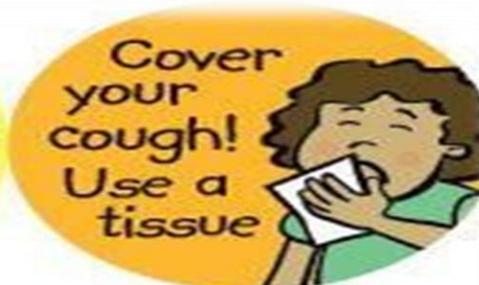

So, here are few interesting activities to keep you going through the summer break.

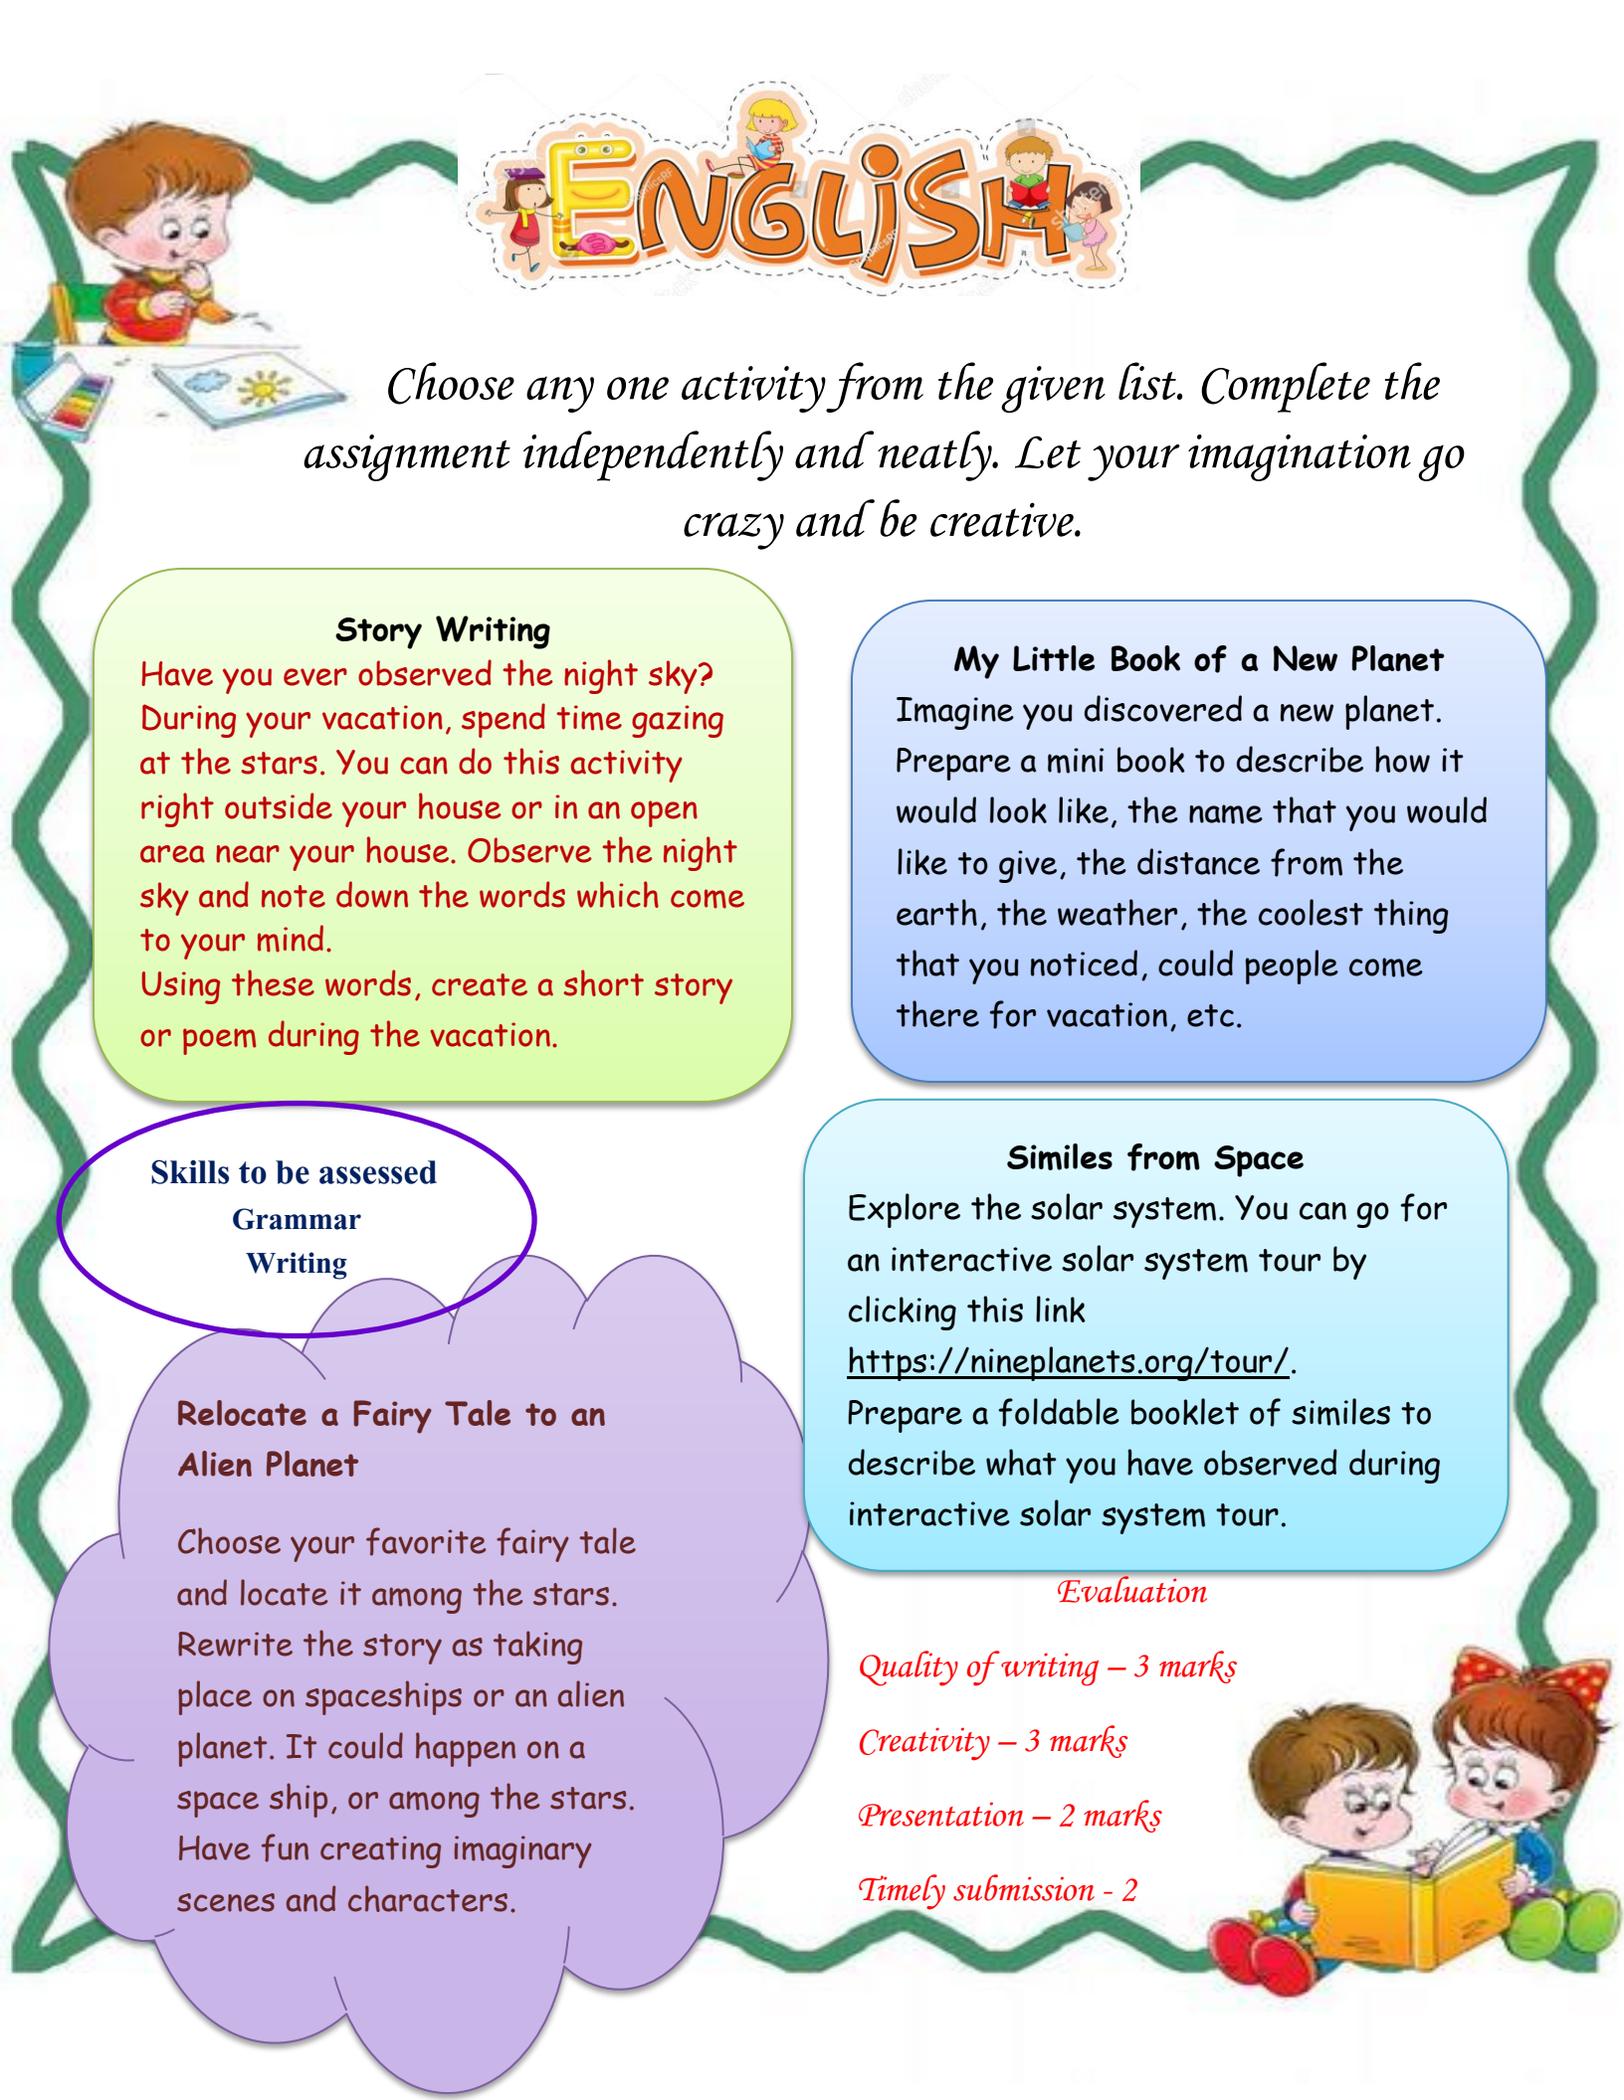

- Communication skills play a vital role in grooming the overall personality. Try to converse regularly with your child preferably in English.
 - Make them learn to take care of plants & animals around you. Water the plants at your home or garden every day.
 - Keep a bowl of water outside in the balcony or on the terrace for the birds to drink as it is very hot.
- 

Some points should keep in mind and follow on regular basis for good health and hygiene are:

- ❖ Wash your hands before and after meals till 20 seconds.
- ❖ Cover your face with tissue or handkerchief when you sneeze or cough.
- ❖ Don't go outside the home without any emergency.
- ❖ Trim your nails regularly.
- ❖ Brush your teeth twice a day.
- ❖ Take a bath every day.
- ❖ Always throw garbage into the dustbin and keep your surroundings clean.
- ❖ Never throw things out of the windows of the car or school bus.
- ❖ Switch off lights/fans when you do not require them.
- ❖ Save water by closing the taps after use.

ENGLISH

Choose any one activity from the given list. Complete the assignment independently and neatly. Let your imagination go crazy and be creative.

Story Writing

Have you ever observed the night sky? During your vacation, spend time gazing at the stars. You can do this activity right outside your house or in an open area near your house. Observe the night sky and note down the words which come to your mind.

Using these words, create a short story or poem during the vacation.

My Little Book of a New Planet

Imagine you discovered a new planet. Prepare a mini book to describe how it would look like, the name that you would like to give, the distance from the earth, the weather, the coolest thing that you noticed, could people come there for vacation, etc.

Skills to be assessed

Grammar

Writing

Relocate a Fairy Tale to an Alien Planet

Choose your favorite fairy tale and locate it among the stars. Rewrite the story as taking place on spaceships or an alien planet. It could happen on a space ship, or among the stars. Have fun creating imaginary scenes and characters.

Similes from Space

Explore the solar system. You can go for an interactive solar system tour by clicking this link

<https://nineplanets.org/tour/>.

Prepare a foldable booklet of similes to describe what you have observed during interactive solar system tour.

Evaluation

Quality of writing – 3 marks

Creativity – 3 marks

Presentation – 2 marks

Timely submission - 2

Social Studies

Theme: The Sun and Its Family

Topic: The 'Ring of Fire' Solar Eclipse in the U.A.E- 2020

Create a 3D model of the Solar Eclipse. Write a short note on the Solar Eclipse in the U.A.E- 2020

Or

Prepare a PowerPoint presentation on the 'Ring of Fire' Solar Eclipse in the U.A.E- 2020

Evaluation Criteria

Originality- 3 marks

Creativity- 3 marks

Presentation- 3 marks

Timely Submission- 1 mark

Submit the video of your
presentation on

SUNSHINE FACT FAMILIES

Instructions:

- Start with numbered yellow circles to serve as the center of your sun.
- Students can create these by tracing the top of a cup onto a sheet of yellow colour paper. It will look as given at the side.
- Write the beginning of addition and subtraction facts down on the top edge of wooden clothes pins for the number at the center of the sun.
- Plan to make at least 5 clothespins for each sun. Students can add more if applicable.
- Then, have the cloth pins onto the matching sum suns.
- Be more creative while doing the project. The project will look as shown at side.
- Record the facts in the table as shown below:

Sr. No.	Number	Addition Fact	Subtraction Fact

Create a power point presentation on Mars / Moon. (Choose any 1 planet).

- a. Compare the chosen planet to Earth in regards with distance, atmospheric conditions, presence of water and climate.
- b. Record the findings in a tabular manner also as shown below:

Planet	Mars / Moon	Earth
Distance		
Atmospheric Conditions		

- c. Present information on the rocket launched by United Arab Emirates to the Space Station with regards to distance from earth, time took to reach the space station.
- d. Slides should not exceed than 6. Be more creative and innovative.

CRITERIA:

- a. Presentation -4 marks
- b. Timely Submission-3 marks
- c. Calculation Accuracy-3 marks
- d. Total - 10 marks (For 1 Assignment)

**PUT THIS
on YOUR
CALENDAR!**

Submission Date: 09th
September 2019.

Theme: Stars, Planets and the Moon

Learning Objective: To observe, describe and record the phases of moon.

Students are always naturally curious about the **night sky**, especially the moon!

Observe the moon each night and notice the changes that occur as the days go by and record in the moon journal.

How to Use the Moon Journal

Integration of art with science:

1. Draw a [moon journal](#) (sample given) on an A4 Size Paper.
2. Write the starting date at the top of your journal. Aim to check the moon around the same time each night. Write the time at the top.
3. Observe the moon each day for one month. Write the date below the small box you will be using and illustrate how the Moon looks each day by shading in the circles to reflect the shape of the moon.
4. Continue recording your observations each night. For example: If, you can see the whole Moon, you do not need to shade in any part of the circle. If you can only see half of the Moon, shade the side of the moon that you cannot see in the circle for that day. On nights when you cannot see the moon, put an 'x' over the box, and on nights it is too cloudy, draw clouds over the moon.
5. Once your journal is complete, observe the patterns and write about the same.

Rubrics:
